7.1.4: Describe the Institutional efforts/initiatives in providing an inclusive environment

The main vision of the institute is to develop the skilled personal required for the sugar and allied industry, in this point of view we have also arrange and celebrates the different great leaders' birth anniversary and death anniversaries. The institute is located at a place where cultural and religious diversity is disctiveness feature. The students from different cultural, religious and socio economic background come to the institution.

Our Director Umesh Pawar sir's birthday is celebrated with Blood Donation camp at institute level, this activity helps to provide blood as per requirement to the hospitals or society. Co-curricular activities through NSS facilitate students to participate in different activities in a adopted village where they mingle with all communities. They practically learn tolerances towards cultures and living styles of others. The students of all cultural and religious backgrounds live together in adopted village for seven days of residential camp which helps them to learn each other cultures. Also students will get idea of local problems and try to solve them.

Cultural department of the college organizes annual gathering in which students present different cultural activities emphasizing social and cultural harmony along with the national integrity. We also celebrates the traditional day which provides sufficient space to students to present different cultural activities of all religions of the country.

The college departments organises in plant visit at Sugar and allied industry to know the factory site with all process parameters in live operation. These implant visits help the students to gain lot of knowledge practically and technically. We also arranges the different study tours in other states which helps them to gain technical knowledge. One of the major purpose of organizing such students tours is to acquaint students with different regional, cultural, socio economic and linguistic diversites. This also helps them to work in any condition any where in Indian sugar factory in all atmospheric condition.

The participation of students at DSTA programs, will help the students to develop the research culture among them since in DSTA annual convention there are paper presentation sessions where our staff presents the paper on the sugar and allied products papers.
