

There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

Response:

The institution has a not yet registered Alumni Association, but we have Alumni association which has been established as per the institutional Act, 1860 with the name 'Alumni Association' *Rajarambapu College Of Sugar Technology Islampur Tal- walwa, Dist -Sangli.*

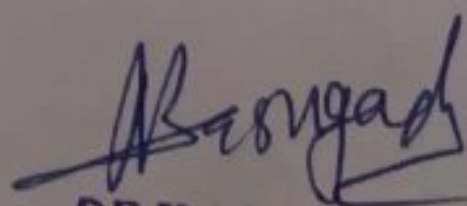

a) Date of establishment of the college: **September - 2013**

Alumni Association is a dynamic, speech gives training in employability skills. The college alumnus is very active and helps to build a good network between College authorities and alumni. Alumni Association has given financial support of Rs 5500 /- and College has Purchased one Cupboard. They give motivational speeches and training in employability skills to our students. Also they provide employment to our present students in their concerned departments of various factories. Their suggestions and representation in IQAC help a lot for planning future programs and activities as well as synabi. The Association holds one annual general body meetings and two executive committee meetings every year.

Non-Financial Contribution –

1. The alumni contributed in policy making by their representation in the statutory and academic body of the college.
2. Most of the alumni reside in nearby villages to the college.
Therefore, they help to conduct NSS camp and other relevant activities smoothly in their villages.
3. The alumni working in factories gives free guidance and practical experience about their field to the students of our college.
